First introduced in 2001, the DREAM Act permits high school graduates who immigrated to the U.S. as minors and lived in the U.S. for at least five years, to apply for legal status. The DREAM Act also eliminates a federal provision that discourages states from providing in-state tuition to immigrant students.

The spirit of the DREAM Act is carried on by the commitment and work of tens of thousands of individuals and organizations nationwide. **Be a part of the movement by either 1. Becoming a DREAM Team Member OR 2. Becoming a DREAM Team Supporter.**
